INSPIRING MINDS

Vision

By the year 2020, MGM Institute of Health Sciences aims to be a top-ranking Centre of Excellence in Medical Education and Research. Students graduating from the Institute will have all the required skills to deliver quality health care to all sections of the society with compassion and benevolence, without prejudice or discrimination, at affordable cost. As a Research Centre, it shall focus on finding better, safer and affordable ways of diagnosing, treating and preventing diseases. In doing so, it will maintain the highest ethical standards.

Mission

To improve quality of life, both at individual and community levels by imparting quality medical education to tomorrow's doctors and medical scientists and by advancing knowledge in all fields of health sciences through meaningful and ethical research.

VICE CHANCELLOR'S MESSAGE

Dear Applicant,

Compliments.

I would like to give you a brief outline of the career you are planning to enter.

Becoming a doctor is much more than getting an MBBS Degree. It is a way of life. You help the sick and the wounded to recover as fast and as completely as possible. You educate the members of your community how to remain healthy and how to prevent diseases. Five and a half years of grueling hard work arms you with adequate knowledge and skills to diagnose and treat diseases and injuries. By relieving pain and suffering of patients, you earn their immense gratitude and goodwill. It is probably the noblest of all deeds one can do.

As a doctor, your work place may be a GP's clinic, or a hospital ward, a laboratory or an Operation theatre. You may become a research scholar or a University teacher, if you like to be one. You could be a future Medical Scientist or an innovator of repute. Scope for rise in the career is immense and sky is the limit. It is totally dependent upon your capacity to work hard, to acquire knowledge, to learn new skills and to excel in the particular field that interests you.

In order to be a successful and competent doctor, you have to develop certain essential talents. Some of these are: humility, sincerity, honesty, integrity, compassion, benevolence, patience, thirst for knowledge, capacity to work hard, good communication skills, expertise in management, leadership qualities, team spirit, respect for your teachers and above all, a resolute commitment to serve mankind willingly. You have to become a role model for others by observing clean personal habits, so that others can follow you. For example, if you a smoker, your advice to others to give up smoking will carry no weight.

All good doctors command lot of respect in the society. You will be among the privileged few. You will always have sound financial security. You shall have a feeling of satisfaction in your mind about your job, arising from the love, respect and gratitude of the patients whom you treat.

MGM Medical Colleges at Navi Mumbai and Aurangabad will help you realize your dreams of becoming good doctors. Both Colleges are located in beautiful, eco-friendly campuses. Hostels are situated within the campuses. Excellent infrastructure has been provided with state-of-art equipments, laboratories, computers, class rooms, teaching aids and libraries. Highly quality teaching faculty with long years of experience will guide you to learn the art and science of medicine with love and care. Each College has a large hospital attached within the campus. Patient workload is very high. In addition to general specialties, all super-speciality services are available in these hospitals. So you will have plenty of clinical workloads to learn your clinical skills. Ragging is strictly prohibited and is a criminal offence. So no one dares to indulge in this despicable practice.

Both the Colleges are constituents of MGMIHS (Deemed University). MGMIHS is managed by the MGM Trust. Members of the Trust are highly committed and well qualified professionals (doctors and engineers) who established, developed and nurtured this institution. By selecting these Colleges, you have made the right choice to get quality medical education. MGM Institute of Health Sciences is accredited by NACC with 'A' Grade which endorses our academic excellence.

So get on with your Physics, Chemistry and Biology and wish you best of luck in MGM-CET 2014.

Dr. S.N. Kadam FRCP (Edin)
Vice Chancellor

Founders of MGM Trust are a group of highly dedicated and socially committed individuals. All its members are highly qualified Engineers, Doctors and Scientists. The Trust is lead by Chairman Hon'ble Shri Kamalkishore Kadam (M.Tech. from IIT, Mumbai), an eminent engineer, educationist and former Minister of Education, Government of Maharashtra. The Trust is inspired by the life and thoughts of Mahatma Gandhi and it strives hard to achieve excellence in all academic fields including research for advancement of knowledge. It lays lot of stress in building sound character in accordance with Mahatma Gandhi's teaching that "Literary education is of no value if it is not able to build sound character".

Ever since its establishment, the Trust has grown by leaps and bounds, solely due to efficient governance, commitment to quality education and dedication towards social causes. At present it runs 61 institutions located at 5 centres, namely Nanded, Aurangabad, Navi Mumbai, Parbhani and Noida (UP). All these institutions strive to achieve excellence in all areas and nurture total commitment to community services, by way of outreach programmes.

MGM INSTITUTE OF HEALTH SCIENCES NAVI MUMBAI

Based on the recommendations of Medical Council of India and University Grants Commission, Ministry of Human Resources Development, Government of India, approved and accorded “Deemed to be University” status to MGM Institute of Health Sciences, Navi Mumbai, vide Notification No. F 9-21/2005-U.3(A) dated 30.8.2006. The Notification was subsequently published in the Gazette of India on 16.09.2006. Grant of the “Deemed to be University” status was a result of over two decades of hard work by the management and governing council of MGM Trust in the field of education. It further increased the responsibility of the trust, which continues its untiring efforts to develop its two constituent Medical Colleges at Navi Mumbai and Aurangabad as Centers of Excellence in Medical Education, both at undergraduate and postgraduate levels. These efforts have resulted in accreditation with ‘A’ Grade by NACC which is an endorsement by UGC and GOI about academic excellence of MGM University.
